No-Rinse Body Wash (Paraben-Free)

The **JEECHEM® FS-102** is a solubilizer that not only assists in dissolving the fragrance and preservative into the base but on skin will assist in removing surface oils. The **JEETERIC® CAB-LC** will help this product foam. The preservative system is paraben-free and is extremely mild on skin thus not causing any associated irritation typical of other preservative systems. It is broad-spectrum. This product will foam in spray foamer containers.
