Comment:

Our **JEESILC C** contains L-Ascorbic Acid held in the encapsulated form of a hydrocarbon cross-polymer gel network. This unique anhydrous gel network extends the stability of the L-Ascorbic Acid while offering superior aesthetics and spreadability.

The **JEESILC C** will deliver the antioxidant properties in attempt to defend the skin against the damaging affects of free radicals that can lead to premature skin aging.

In addition, the **JEESILC C** will help repair and protect the skin from the signs of aging to deliver a youthful, luminous complexion.

You Can Count on JEEN to provide you with this Elegant and Unique Delivery System.
