Non-Warranty: All suggestions and data in this bulletin are based on information we believe to be reliable. There are offered in good faith, however no guarantee is made or implied as conditions and methods of use of our products are beyond our control. We recommend that the prospective user determine the suitability of materials and suggestions on an experimental basis before adopting them on a commercial scale. Statements as to the use of our products are not to be construed as recommendations for their use in the infringement of any patents.
