

SAFETY DATA SHEET
According to Regulation (EC) No 1907/2006 (REACH)

Revision Date: February 22, 2012
Replaces all earlier SDS issues

JEEMATE 6000-DS

Version No.: 1

SECTION 1 – IDENTIFICATION OF THE SUBSTANCE / MIXTURE AND OF THE COMPANY / UNDERTAKING

Product identifier : **JEEMATE 6000-DS**

Relevant identified uses of the substance : Emulsifier in cosmetic formulations.

Details of the supplier of the safety data sheet : JEEN International Corporation
24 Madison Road
Fairfield, New Jersey 07004
Tel: +1-973-439-1401

Contact email : teresa@jeen.com

Emergency telephone number : +1703-527-3887(Chemtrec Int'l Tel - Collect calls accepted)

SECTION 2 – HAZARDS IDENTIFICATION

Classification of the substance or mixture

According to Regulation (EC) No. 1272/2008 : -

According to Directive 1999/45/EC : -

Label elements

According to Regulation (EC) No. 1272/2008 : -

According to Directive 1999/45/EC : -

Other hazards : -

SECTION 3 – COMPOSITION/INFORMATION ON INGREDIENTS

Chemical characterization : Polymer

Composition according to the Regulation (EC) No 1272/2008 (CLP) and Directives 67/548/EEC (DSD):

Name	CAS	EC	Conc. (% w/w)	CLP		DSD	
PEG-150 Distearate	9005-08-7	-	100	-	-	-	-

SECTION 4 – FIRST AID MEASURES

Eyes : In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes. Get medical attention if irritation occurs.

Skin : Wash contacted skin areas with soap and water. Remove contaminated clothing.

Ingestion : If gastro-intestinal symptoms develop, consult medical personnel.

Inhalation : If symptoms develop seek medical attention.

SAFETY DATA SHEET
According to Regulation (EC) No 1907/2006 (REACH)

Revision Date: February 22, 2012
Replaces all earlier SDS issues

JEEMATE 6000-DS

Version No.: 1

SECTION 5 – FIRE FIGHTING MEASURES

- Extinguishing media : CO₂, dry chemical, foam, water spray (fog)
Water stream may splash burning liquid and spread fire.
Use water spray to cool nearby drums exposed to fire.
- Special hazards arising from the substance or mixture : Carbon oxides and traces of incompletely burned carbon compounds along with thick smoke.
- Advice for fire-fighters : Use self-contained breathing apparatus.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

- Personal precautions protective equipment and emergency procedures : Use protective solvent-resistant equipment.
- Environmental precautions : Do not empty into drains, rivers, ditches or rivers by using sand, earth, and other appropriate barriers.
- Methods and material for containment and cleaning up : Collect and contain for disposal.
Wash area with suitable detergent and rinse thoroughly to reduce slipping hazard

SECTION 7 – HANDLING AND STORAGE

- Precautions for safe handling : Avoid contact with eyes, skin and clothing.
Wear suitable protective clothing and chemical resistant rubber gloves.
Wear safety glasses.
- Hygiene measures work : Do not eat, drink or smoke when working.
Wash hands thoroughly after handling and before breaks.
Launder contaminated clothing before re-use.
- Conditions for safe storage, including any incompatibilities : Keep container tightly closed. Store and use in a well-ventilated place.
Store in closed containers away from oxidizing agents, heat, sparks and open flame.
Containers have to be labeled clearly and permanently.
Recommended storage at room temperature.
Drum is not a pressure vessel; never use pressure to empty.
- Specific end use(s) : Emulsifier for use in cosmetic products.

SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters

EU Exposure Limit value : -

Exposure controls

- Respiratory protection : If dust is generated wear an approved dust/particle respirator.
- Eye protection : Wear safety glasses.

SAFETY DATA SHEET
According to Regulation (EC) No 1907/2006 (REACH)

Revision Date: February 22, 2012
Replaces all earlier SDS issues

JEEMATE 6000-DS

Version No.: 1

Skin protection : Wear suitable protective clothing and PVC coated gloves.

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Form : Flakes
Odor : Bland odor
Color : White to cream
Flash point : > 400°C (COC)
Boiling point/range : > 200 °C
Vapor pressure : < 1 mm Hg
Water solubility (20°C in g/l) : 0-10%
Specific Gravity @ 25°C : 1.075
Other information : This information is not intended for use as product specifications.

SECTION 10 – STABILITY AND REACTIVITY

Chemical stability : Stable under normal use conditions.
Possibility of hazardous reactions : -
Conditions to avoid : Keep away from extra high temperatures.
Incompatible materials : Avoid contact with strong oxidizing agents
Hazardous decomposition products : -

SECTION 11 - TOXICOLOGICAL INFORMATION

Information on toxicological effects : -

SECTION 12 - ECOLOGICAL INFORMATION

Toxicity : -
Persistence and degradability : -

SECTION 13 - DISPOSAL CONSIDERATIONS

Waste treatment methods : Waste may be disposed of by a licensed waste disposal company.
Material may be disposed of in an approved land fill.
Follow disposal regulations and local law.

JEEMATE 6000-DS

Version No.: 1

SECTION 14 – TRANSPORTATION INFORMATION

ADR/RID	Not subject to ADR/RID transport regulations.
IMDG	Not subject to IMDG transport regulations.
ICAO/IATA	Not subject to IATA transport regulations.

SECTION 15 – REGULATORY INFORMATION

Safety, health and environmental regulations/legislation specific for the substance or mixture:

Relevant information regarding Authorization : N/A

Relevant information regarding Restrictions : N/A

National legislation / regulations

Germany TA Luft : Chapter 5.2.1 Dust
Mass flow 0,20 kg/hr or mass concentration 20 mg/m³

TSCA : The components are listed in or exempt from the TSCA Inventory requirements.

Chemical Safety Assessment : There is no chemical safety assessment necessary for a polymer.

SECTION 16 – OTHER INFORMATION

Method of classification : N/A

List of relevant full text R-phrases : N/A

Sources of data : Own data

Disclaimer: These data are offered in good faith as typical values and not as a Product Specification. No warranty, either expressed or implied, is hereby made. The recommended industrial hygiene and safe handling procedures are believed to be generally applicable. However, each user should review these recommendations in the specific context of intended use and determine whether they are appropriate.
